

# Research in Germany

The Research in Germany initiative would like to invite the participants of the XXII World Congress of the International Society for Heart Research to the session

## Research in Germany – Fellowships, Exchange and Collaboration Programs

to be held on Wednesday April 20<sup>th</sup>, from 17:00 to 19:00  
Venue: Auditorium (ground floor)

Representatives of the German Research Foundation (DFG), the German Academic Exchange Service (DAAD), the Max Planck Society (MPG) as well as guest speaker and Outstanding Investigator Award winner Prof Dr Johannes Backs (University Hospital Heidelberg) will provide an insight into the German research landscape, funding schemes and collaboration opportunities.

### Preliminary programme:

- 17:00**      **Testimonial: Research funding contribution to academic careers**  
Prof Dr Johannes Backs – University Hospital Heidelberg  
Department for Molecular Cardiology and Epigenetics
- 17:30**      **Funding programmes of the German Research Foundation (DFG)**  
Laura Redondo – Programme Officer DFG Office Latin America
- 17:50**      **Exchange and fellowship programmes of the German Academic Exchange Service (DAAD)**  
Dr Urs Urban – DAAD Buenos Aires
- 18:10**      **Building high quality research partnerships with Max Planck Institutes**  
Dr Andreas Trepte – Head of the MPG Liaison Office for Latin America
- 18:30**      **Q&A**

Snacks and beverages will be offered during the session.

Please subscribe until April 14<sup>th</sup> to the following address: [maxi.neidhardt@dfg.de](mailto:maxi.neidhardt@dfg.de) with the subject "Research in Germany at the ISHR" (limited number of participants).

We look forward to seeing you there!
