A Cardiovascular Research Themed Hackathon

Sponsored by NIH BD2K Initiative

at XXII ISHR World Congress, April 20, 2016, 17:00-22:00

Themes

1. Big Data Introduction

Hear emerging themes in biomedical big data.

2. On-the-Cloud Collaborative Data Analysis

Develop tools or brainstorm ideas on cardiovascular data analysis

3. Machine Learning Practicum

Get hands-on experience in machine learning methods

RSVP Here

<https://goo.gl/zEj4hs>

Travel awards available for early career investigators

For details go to <http://heart-hackathon.github.io/ISHR2016/>
